

Thoughts are Giants: Influential Ideas in Human Service

a three part series over Zoom

Sponsored by the Southeast Region Leadership Series

This series is intended for the motivated learner who wants to understand some of the ways that big ideas influence our service to others. What we hold in our minds about the people we serve and the world in which we live, will inevitably be expressed in our actions. The series is equipped to help us think about **who we are** and **what we think**, as well as **what we do** on behalf of the people we support. The format combines presentations, with opportunities for questions, comments, individual reflection, and group discussion.
