

## "Seeing is Believing...Believing is Seeing: The Power of Mindsets"

11th April 2024 | 3:00 PM-6:00 PM IST | Zoom Online

### Mindsets are powerful shapers of action

Our mindsets govern what we see, what we perceive, and how we respond to the world around us and the people we encounter. Intended for those with some exposure to Social Role Valorization, this workshop will examine the power of mindsets, and the sorts of strategies that might help shift the thinking of others around disability, and people with disabilities.

Join us for this thoughtful consideration of another wonderful "Gem" of SRV.

**Pre-requisite:** The workshop is open to anyone with prior training in SRV. The presentations will be conducted primarily in English, so excellent fluency in English is necessary.
